## INTRODUCCIÓN

Las vías verdes son rutas **no motorizadas**, que **aprovechan principalmente ferrocarriles abandonados**. Son probablemente los itinerarios más accesibles de acceso a la naturaleza y para la práctica del ocio al aire libre para todas las personas, incluidas las personas con discapacidad. Sin embargo, y salvo excepciones, a pesar de la potencialidad de los destinos que cuentan con vías verdes, los viajeros no tienen facilidades para adquirir un producto turístico accesible completo en base a la vía verde, pues la oferta de los diferentes recursos que componen un viaje no está estructurada ni organizada.

Con el presente Proyecto, cuya denominación completa es "Turismo accesible en Vías Verdes Europeas:

Vías verdes para todos" (**Greenways4ALL**), se pretende avanzar hacia un producto que cumpla con la cadena de valor de la accesibilidad avanzando desde el itinerario accesible al viaje o la experiencia accesible.

La accesibilidad será el elemento común a todos los recursos que integran el producto turístico: recorrer la vía verde, comer en los restaurantes de la zona, alojarse en el entorno inmediato a la vía verde, visitar museos o hacer algunas compras, entre otras opciones.

**Greenways4ALL** va a contribuir a la mejora de la accesibilidad en torno a las vías verdes, a la calidad de la oferta turística orientada a las personas con discapacidad y a la difusión de estos recursos como infraestructuras para todos.

El presente Catálogo Greenways4ALL incluye un total de **10 productos** de Turismo Accesible en Vías Verdes de España y Portugal.

## INTRODUCTION

Greenways, which are **non-motorized routes that mostly make use of disused railway lines and canal towpaths**, are probably the most accessible routes providing access to nature and open-air leisure activities for everyone, including persons with disability. However, and with few exceptions, despite the potential that the tourist destinations of greenways enjoy, travelers are not offered the facilities to acquire a comprehensive and accessible tourism product based on greenways. This is because the offer of the various resources making up a trip are neither structured nor organized.

With this project, whose full name is "Accessible Tourism on European Greenways: Greenways For All" we aim to move forward towards a product which leverages the accessibility value chain, moving from an accessible route to an accessible trip or experience.

Accessibility will therefore be the element common to all the resources making up tourism product: travel the greenway, eat at local restaurants, stay in the immediate vicinity of the greenway, visit museums, or do some shopping, among other options.

**Greenways4ALL** will help improve accessibility to and around greenways, the quality of the tourism supply aimed at persons with disability, and the dissemination of greenway resources as infrastructures for everyone.

The present Greenways4ALL Catalogue includes a total of **10 products** of Accessible Tourism around Greenways from Spain and Portugal.

## INTRODUÇÃO

As Ecopistas são rotas destinadas às deslocações não motorizadas que se aproveitam de **antigos ramais ferroviários abandonados**.

São provavelmente as itinerários mais acessíveis para todas as pessoas de acesso à natureza e para a prática de lazer ao ar livre, incluindo as pessoas com deficiência.

No entanto, e exceto algumas exceções, apesar do potencial dos destinos turísticos com Ecopistas, os viajantes não têm facilidades em adquirir um completo produto turístico acessível que tenham por base a Ecopista, uma vez que, o fornecimento dos diferentes recursos que compõem uma viagem não se encontra estruturado o organizado.

Com este projeto, cujo nome completo é "Turismo Acessível nas Ecopistas Europeias: Ecopistas para todos" (**Greenways4ALL**), em que se pretende desenvolver um produto que considera o valor da acessibilidade começando na rota acessível para viajar até à experiência acessível.

A acessibilidade será o elemento comum a todos os recursos que integram o produto turístico: percorrer a Ecopista, comer nos restaurantes locais, alojamento nas imediações da Ecopista, visitar museus ou fazer compras, entre outras opções.

**Greenways4ALL** contribuirá para a melhoria da acessibilidade no âmbito das Ecopistas, a qualidade da oferta turística orientada para as pessoas portadoras de deficiência e a divulgação destes recursos como infraestruturas para todos.

O presente Catálogo Greenways4ALL inclui um total de **10 produtos** de Turismo Acessível em torno de Greenways de Espanha e Portugal.

## LA SIERRA GREENWAY

### LA SIERRA GREENWAY

La Sierra Greenway, whose route was never crossed by any train, runs for 36 km at the foot of the most southern mountains of the Iberian peninsula. The greenway runs between the towns of Puerto Serrano and Olvera.

This exceptional route, which continues parallel to the banks of numerous rivers, passes through such spectacular places like the nature reserve of Peñón de Zaframagón, where there is a large colony of griffon vultures. These birds are controlled through a modern video surveillance.

### TOUR DETAILS

TRANSPORTATION: Wheelchair Accessible Van

TOUR DURATION: 2 nights (3 days)

OPERATED: all year round

MEETING POINT: Hotel reception

PRICE:

430 EUR for 1-2 people

535 EUR for 3-4 people

640 EUR for 5-6 people

For larger groups please ask us for special prices.

### TOUR CONDITIONS

The price includes:

- 2 nights at a wagon train hotel (breakfast included)
- Bicycle, handbike and adapted bike rental
- Wheelchair Accessible Taxi to bring you back to the hotel from any point in the greenway
- Gastronomic experience with local products

More information and online booking at:  
[www.accessiblemadrid.com](http://www.accessiblemadrid.com)

## Day by day

Day 1: Arrival to the wagon train hotel and check-in. The guests will be assigned a wagon train to spend the whole stay. The rest of the day will be free time and the opportunity to enjoy the the swimming pool (equipped with hoist). Enjoy the magnificent views of the surrounding area. It will be a great idea to visit to the greenway's interpretation center.

Day 2: Handbikes and mountain bikes will be available for you to enjoy the greenway. La Sierra Greenway is the most visited in Spain and has been awarded prizes of prestigious organizations such as "Premio Andalucía Via Verde", "Premio Andalucía del Turismo 2016" etc.

We recommend to make a stop at the nature reserve in the Peñón de Zaframagón, where you can watch one the largest colonies of griffon vulture in the world. You can also visit the Interpretation center (observatory) located at this same place.

Once you get half way of the trail (Coripe Station) you can end your route there or do the second part. In both cases, you will have a wheelchair accessible taxi service to take you back to your wagon train hotel in Olvera. In the evening, get ready to enjoy a delicious gastronomic experience at your hotel. You will have different dishes made with traditional local products.

Day 3: Breakfast and check-out. End of service

## ACCOMMODATION

The hotel is located in Olvera Station. This is a quirky accommodation using railway carriages with very comfortable apartments. Great location and facilities.

Sleep in a train car shaped surrounded by nature. This wagons recreate those used in the old line railway lines of the 19th century in Spain.

Each coach has an area of about 50 square meters and consists of 2 rooms, 1 Bathroom, 1 living-kitchen (fully equipped) and a small porch. One of this cars is adapted for wheelchair users and people with disabilities.

The complex has an outdoor saltwater pool (11.5 x 5.5 meters) with artificial lawn surrounding the area. Air conditioning in all spaces, underfloor heating, WiFi zone, etc...

In addition you will also find areas adapted for parking vehicles and motor homes and also a restaurant with terrace in the main building of the train station.

## CHARMING WHITE WASHED VILLAGES

### Ronda, Olvera, Setenil de las Bodegas and La Sierra Greenway

La Sierra Greenway, whose route was never crossed by any train, runs for 36 km at the foot of the most southern mountains of the Iberian peninsula. The greenway runs between the towns of Puerto Serrano and Olvera.

This exceptional route, which continues parallel to the banks of numerous rivers, passes through such spectacular places like the nature reserve of Peñón de Zaframagón, where there is a large colony of griffon vultures). These birds are controlled through a modern video surveillance.

The peculiarity of the white villages is its facades painted in white color, in order to maintain away the stifling heat of the Andalusian summer. In contrast to the monochrome of these villages, you can delight in the striking colors of the flowers that adorn their narrow streets. This is a singular and colorful spectacle.

The villages were built on top of the hills and they were fortified to defend the inhabitants the enemy attacks. The essence of the White Villages will take you back to the Andalusian culture (legacy of Al-Andalus), although its history is much older.

**Day 3:** Full day accessible tour in which we will visit two of the most charming villages of Spain: Setenil de las Bodegas and Ronda.

**Setenil de las Bodegas:** The uniqueness and extreme beauty of its streets make this village one of the main tourist destinations of the Sierra de Cadiz. The village is famous for its dwellings built into rock overhangs above the Rio Trejo. The town extends along the course of the Rio Trejo with some houses being built into the rock walls of the gorge itself, created by enlarging natural caves or overhangs and adding an external wall. There are special and charming spots like Calles de las Cuevas a la Sombra (Cave streets in the shade) y Calles de las Cuevas al Sol (street caves in the sun). The town has a medieval origin and where the Villa is located, originally was an Almohade settlement.

**Ronda:** In the thousand year old Ronda, we can find one of the most multicolored and interesting towns of Andalusia. The landscape, urbanism, history, the romantic legends of famous bandits, make Ronda a unique and vibrant town. Here things move slow and so the route that we will follow. You will appreciate in detail the features of the Ancient Arab medina, on the south bank of the Guadalquivir River. The medina still maintain part of its former walls. We will cross the new bridge and stroll along the Alameda del Tajo. We will have time enough to make several stops to enjoy the hidden spots and beautiful buildings that open their doors to the visitor; We will also make a stop for lunch to taste a good selection of local dishes from the serranía.

**Day 4:** Breakfast and check-out. End of service.

## Viseu and Ecopista Do Dao

Once in Portugal, there is nothing like starting your visit through historical town center. From Rossio the visitor can find several narrow streets (typical medieval layout). It is worth visiting and discovering houses from the sixteenth century with their gargoyles and gothic window frames. The ecopista connecting the cities of Viseu, Tondela and Santa Comba Dão is a very interesting and beautiful tour surrounded by natural landscape. This was the old railway line of Dão. The visitor has the chance to see the old trains, roman roads and bridges, the Ortigueira bridge designed by Eiffel and the charming village of Mosteirinho.

### TOUR HIGHLIGHTS

- Ecopista do Dao
- Santa Comba do Dao
- Ortigueira Bridge
- The historical old quarter of Viseu
- Grao Vasco Museum

## Discovering the Ecopistas of Portugal

### THE IDEA OF YOUR TOUR TO PORTUGAL

A journey to discover the best and most authentic of northern Portugal. An itinerary that will take you to navigate the Douro River, walk through vineyards, visit old wineries, and taste local gastronomy; but especially, you will enjoy with its friendly people and feel like one of them. Six unique days through the Ecopista do Dão.

**DAY 1, Porto.** We will be waiting for you at the airport to transfer you to your hotel, located in the downtown area of Porto, near the river, to enjoy the best views of the wineries. At your arrival, we will walk through the downtown area to enjoy the best sunset.

**DAY 2, Viseu.** Early in the morning, we will go to Viseu, a university city with a lot of history, museums and a monumental center that will transport you to another era. Today we will have a quiet day, enjoying the scenery and we'll also take part in a short cycle ride of acclimatization by the Ecopista, an old railway track that has been recovered for the ride. We will dine in a typical tavern.

**DAY 3, Viseu.** After breakfast, we will take our bicycles and cross the first section of the track that takes us to Tondela. For lunch we will have a picnic in a very special place. In the afternoon, we will be back to Viseu to visit its most unique museums and buildings.

**DAY 4, Viseu.** In the morning, we will do the second section of the track, in direction to Tondela, where we will cross the Ecopista and its Albufeira. Today we will eat in Santa Comba do Dao, in a restaurant by the river in the middle of nature.

**DAY 5, Castelo di Paiva.** On our way back to Porto, we will stop at Castelo di Paiva to take a boat tour of the Duero and visit a wine cellar in the heart of the Dão wine region. We will arrive to Porto in time to wander around its most attractive neighborhoods, and thus take a complete experience of your stay.

**DAY 6, Porto.** Time to make the last purchases in the local market and transfer to the airport.

Porto is one of the most beautiful cities in Europe and our first stop

Train stations in small villages in the middle of nature

The best gastronomy of Portugal and all variants of cod
